Dear Parent or Guardian

We are thrilled that you are considering African School for Excellence as your child's High School for 2017.

Over the past 4 years, we have worked tirelessly to prove that it is possible to deliver world-class private schooling at an affordable cost. We are filled with pride in knowing that this vision has been accomplished, and is being improved on every day with the help of our remarkable teachers, leaders, scholars and parents.

To date, the Scholars at African School for Excellence have achieved exceptional academic results, competing with the best public and private schools both in South Africa and abroad. At ASE we believe that no person should have to experience poor quality education because they are unable to afford better. We believe that every person is born with unique potential which, when provided with a carefully considered learning environment, will flourish. It is with this belief in mind that we look forward to beginning the journey with you to unlock your child's true potential, transforming them into a leader in their community, their country, and beyond.

We understand that as you consider the critical decision of schooling for your child, you will have many questions, hopes and priorities. You have our commitment to assist you in every way possible as you make your decision, and we are here to answer any questions you may have along the way.

As a way of sharing our promise of a better education for your child, we would like to invite you to request a tour of our school. On this tour you will get a chance to see our brand new facilities, custom designed by award winning architects, and created to enhance both the learning process as well as the social & emotional wellbeing of your child. To book a tour, please email: applications@ase.org.za, or call us on 011 027 5400.

Your child deserves a better future. The team at African School for Excellence would be privileged to assist you in providing them with just that.

Yours sincerely,

Jay Kloppenberg & Nonhlanhla Masina
